STATE ENGINEER

Hon. Heber Bennion, Jr.
Secretary of State
B U I L D I N G

Dear Mr. Bennion:

Some time ago, pursuant to the recommendation of the State Engineer, the Governor of the State of Utah withdrew the right of appropriation of water from the Logan River. Since that time, it has been determined that it is no longer necessary nor desirable to maintain such withdrawal.

I am herewith submitting to you as acting Governor of the State of Utah a proclamation which will restore such water for filing, and it is my recommendation that you proclaim the same.

Yours very truly,

Harold A. Linke
STATE ENGINEER
